---

Greetings in the name of our Lord Jesus Christ!

The TI-Nspire CX CAS Graphing Calculator is an essential device used in Advanced Placement (AP) Calculus studies and exam as well as STEM courses in college to understand abstract concepts in Math and Science subjects.

Although the School will provide TI-Nspire CX CAS Graphing calculator for classroom group use, students are encouraged to have a personal device for home use. Furthermore, should your child opt to take the AP Calculus exam in May 2018, this calculator is a required device. You may buy it via online shopping sites.

Thank you
