A pleasant day to you!

1. CANCELLATION OF CLASSES ON MARCH 11, 2016

The Elementary has observed an increase of students with colds and flu symptoms since Friday, March 4, 2016. As such, we shall cancel classes tomorrow, March 11, 2016, to have the entire School area disinfected, allow sick students to recover soonest, and prevent further more cold and flu cases.

If your children exhibit colds / flu symptoms (e.g., runny nose, persistent cough, fever, reddish eyes), please bring them to your doctor and submit a medical certificate to the School upon their return.

According to the Department of Health, there is no epidemic on respiratory ailments. However, may we remind you that the single best way to prevent seasonal cold and flu is to get your children vaccinated against influenza each year and help them practice good health habits. We also make sure that our teachers reinforce these health habits in School.

We pray that God will restore the health of those who are sick and bless everyone with protection and strength.

2. THIRD QUARTER REPORT CARD VIEWING

The report card of your children can be viewed online starting tomorrow, March 11, but the printed report cards of Grades 1 to 3 and Grades 5 & 6 will be distributed on Monday, March 14. The honors and deportment grades maybe erroneous due to customization problems in the grading system. We will notify you should we find such error in the report card of your children. Kindly email the department at elem@jca.edu.ph should you notice any problem in your children’s report cards.

Please refer to the circular on Third Quarter Report Card Viewing / Distribution emailed last March 3, 2016 to guide you in accessing your children’s account.

The Parent-Teacher Conference (PTC) slated on Monday, March 14, 2016 will push through as scheduled. Please see also the March 3, 2016 circular for dismissal time and other information.

Once again, we seek for your understanding as we try to refine our online grade viewing system.

Thank you.
