DATE: MARCH 21, 2016
TO: PARENTS / GUARDIANS of GRADE 6
FROM: MRS. LORNA B. YAN
SUBJECT: INTERNATIONAL PRIMARY SCHOOL EXAMINATION (iPSLE)

A pleasant day to you.

In our effort to benchmark our Math curriculum against Singapore’s education standards, which is considered on the top 3 basic educational standards in the world based on the Trends in International Mathematics and Science Study (TIMMS) with its latest survey conducted in 2015, the top 10% of our Grade 6 students shall take the Singapore International Primary School Examination (iPSLE) on July 22, 2016, at no cost of the students.

The iPSLE is offered to all students at the end of Primary Education who use Singapore educational materials outside Singapore, as we do for our Elementary Math. It certifies students’ achievement in the particular subjects tested. Students who achieve a grade of A* will receive a Singapore’s Ministry of Education iPSLE certificate awarded by the Singapore Examinations and Assessment Board (SEAB).

Examination results are usually released in November of the examination year. Incentive grade will be given to students in their Grade 7 Math who obtain the following scores:

<table>
<thead>
<tr>
<th>SCORE</th>
<th>MATH INCENTIVE GRADE</th>
<th>QUARTER</th>
</tr>
</thead>
<tbody>
<tr>
<td>A*</td>
<td>+2</td>
<td>2nd</td>
</tr>
<tr>
<td>A</td>
<td>+1</td>
<td>2nd</td>
</tr>
</tbody>
</table>

Our Math Coordinator, Mrs. Victoria Pekitpekit, will notify you if your children will take the test. They will be asked to take the iPSLE review from July 11 to 15, 2016, 8:00 to 10:00 AM at the Grade 6 Milton Room.

An orientation on iPSLE will be conducted to the parents whose children are invited to take the iPSLE on Wednesday, March 30, 2016, at the Conference Room, D. Hemady Campus, from 2:30 to 3:10 PM. Should you fail to attend the orientation, sign the agreement and waiver, and/or fail to let your children attend the review class, then your children will not participate in the said iPSLE exam.

We enjoin your support in this excellent opportunity to benchmark your children’s Math performance with international standards. We look forward to your favorable response.

Thank you for your kind support.
