FROM : MRS. CAROL B. SEMING  
Principal, Preschool Department

SUBJECT : EXTRA MILE PROGRAM

---

A pleasant day to you!

In our desire to motivate our students to continue to do better in academics and improve their study habits, the students will be given tasks in selected subjects starting second quarter. These **OPTIONAL** Extra Mile activities are intended to provide an avenue for students to do enrichment activities in the subject and earn credit.

The schedule of designated subjects is as follows.

QUARTER	SUBJECT
1st	Language
2nd	Math
3rd	Chinese
4th	Language

A separate document will be sent to indicate the required activity for the quarter.

In order to qualify and get the credit, the student should observe the following:

1. All students may participate in doing extra mile tasks in the designated subjects within the assigned quarter.
2. Extra mile tasks must be submitted to the subject teacher within the assigned quarter for the subject until the submission date.
3. All extra mile outputs and its contents should not go against the School's PVMO.
4. Each extra mile task that is satisfactorily completed will be given a 0.5 pt. incentive in the subject.
5. A maximum of two (2) extra mile tasks may be completed by each student for a 1 point incentive in the subject on the designated quarter.

Thank you.
