SUBJECT : MEDICAL CERTIFICATE REQUIREMENT

The School ensures better health of JCA Community, a medical certificate is required even for one-day absence due to the following reasons:

1. Infectious disease:

- | | |
|------------------------------|-----------------------------|
| 1.1. fever ($T > 37.8$). | 1.6. dengue fever |
| 1.2. cough and Colds | 1.7. chicken pox |
| 1.3. hand-foot-mouth disease | 1.8. measles |
| 1.4. tonsillitis | 1.9. rash / viral exanthema |
| 1.5. diarrhea | 1.10. sore eyes |

2. Injury / trauma. To prevent deterioration, it is best to seek your physician's advice.

- 2.1. sprain
- 2.2. strain
- 2.3. fracture

The School will not require medical certificate for the following, provided that it is not a recurring condition within a month.

- 1. dysmenorrhea
- 2. headache
- 3. nosebleed
- 4. scratches
- 5. stomach ache without vomiting and watery stool

We understand the inconvenience that you need to go through to secure medical certificate for your children, however, the betterment of your children's health is our utmost concern.

We would like to remind you not to send your children to school if they show evidence of health conditions. Your children need the rest and the loving care from home that will allow them to recover the soonest.

We enjoin you dear parents and guardians to monitor your children's health in the interest of safekeeping the well-being of the entire JCA community.

Thank you for your kind cooperation.
