SUBJECT : **GRADE 9 3rd QUARTER PROJECT ON ONLINE CHURCH SERVICE**

Greetings in the name of our Lord Jesus Christ!

In line with our Grade 9 Christian Education (CE) Curriculum on “Church Ministry”, we would like our students to have the privilege of serving in Jubilee Evangelical Church (JEC) so that they may experience the joy of serving our Lord in a local church.

With this in mind, we will require them to join at least one online worship service and answer a reflection question, and render at least two hours of serving in JEC’s different online ministries starting November 15, 2020 to February 28, 2021.

Service can be joining the online Prayer Room after the online worship service, assisting in the online Kids Sunday School as assistant teachers every 3rd Sunday, and volunteer in the creation of video and poster every 4th Sunday. This will serve as their grade for their Christian Education class project which is 25% of their total CE grade in the third quarter.

Students will be graded as follows: 25 points is based on student’s online worship decorum and quality of service in the online church ministry. Another 25 points are based on the written journal/reflection submitted to their CE teacher, Pastor Jubal B. Arbolario, 7 days after their scheduled service.

We look forward to your positive response in this learning endeavor.

Thank you and God bless you.
