1. Google Form for Assessment
2. Google Meet and Calendar integration for video conferencing; and
3. Google Classroom as learning tools.

To join, kindly fill up the [online registration form](#) on a first come, first served basis on or before January 22, 2021.

The google meet link will be sent directly to your email. For inquiries, you may email admin@jca.edu.ph. Registration will close after 100 participants have registered.

May your children become more blessed because of the combined efforts of the School and Home. Thank you and we look forward to seeing you all.
